

1.0 Logo Guides

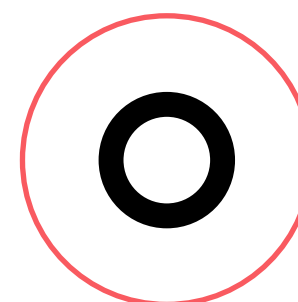

1.1 Logo Concept

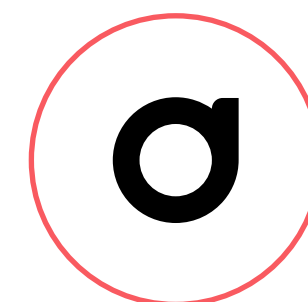

The logo is the visual expression of our brand promise to:

- Evoke feelings of trust, warmth, guidance, and a sense of home.
- Make sure it is not just about buying and selling houses, but about helping people find their place in the world.
- Provide a sense of relief, knowing that you're handling the complex details, ensuring a smooth process.
- To embrace technology and innovation to provide the best possible service. Whether it's virtual tours, data analysis, or online resources, you stay at the forefront of the industry.

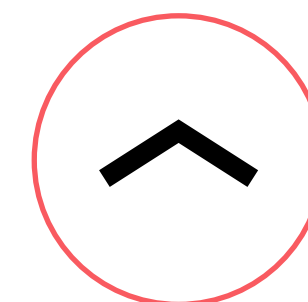

These characteristics are symbolized through our logo which is a modern monogram combining a circle which represents “globe” and a “hut” with round corners hinting at comfort and empathy, with overall shape forming a home.

Globe

**Arabic letter "ا"
And English letter "a"
(Flipped upside down)**

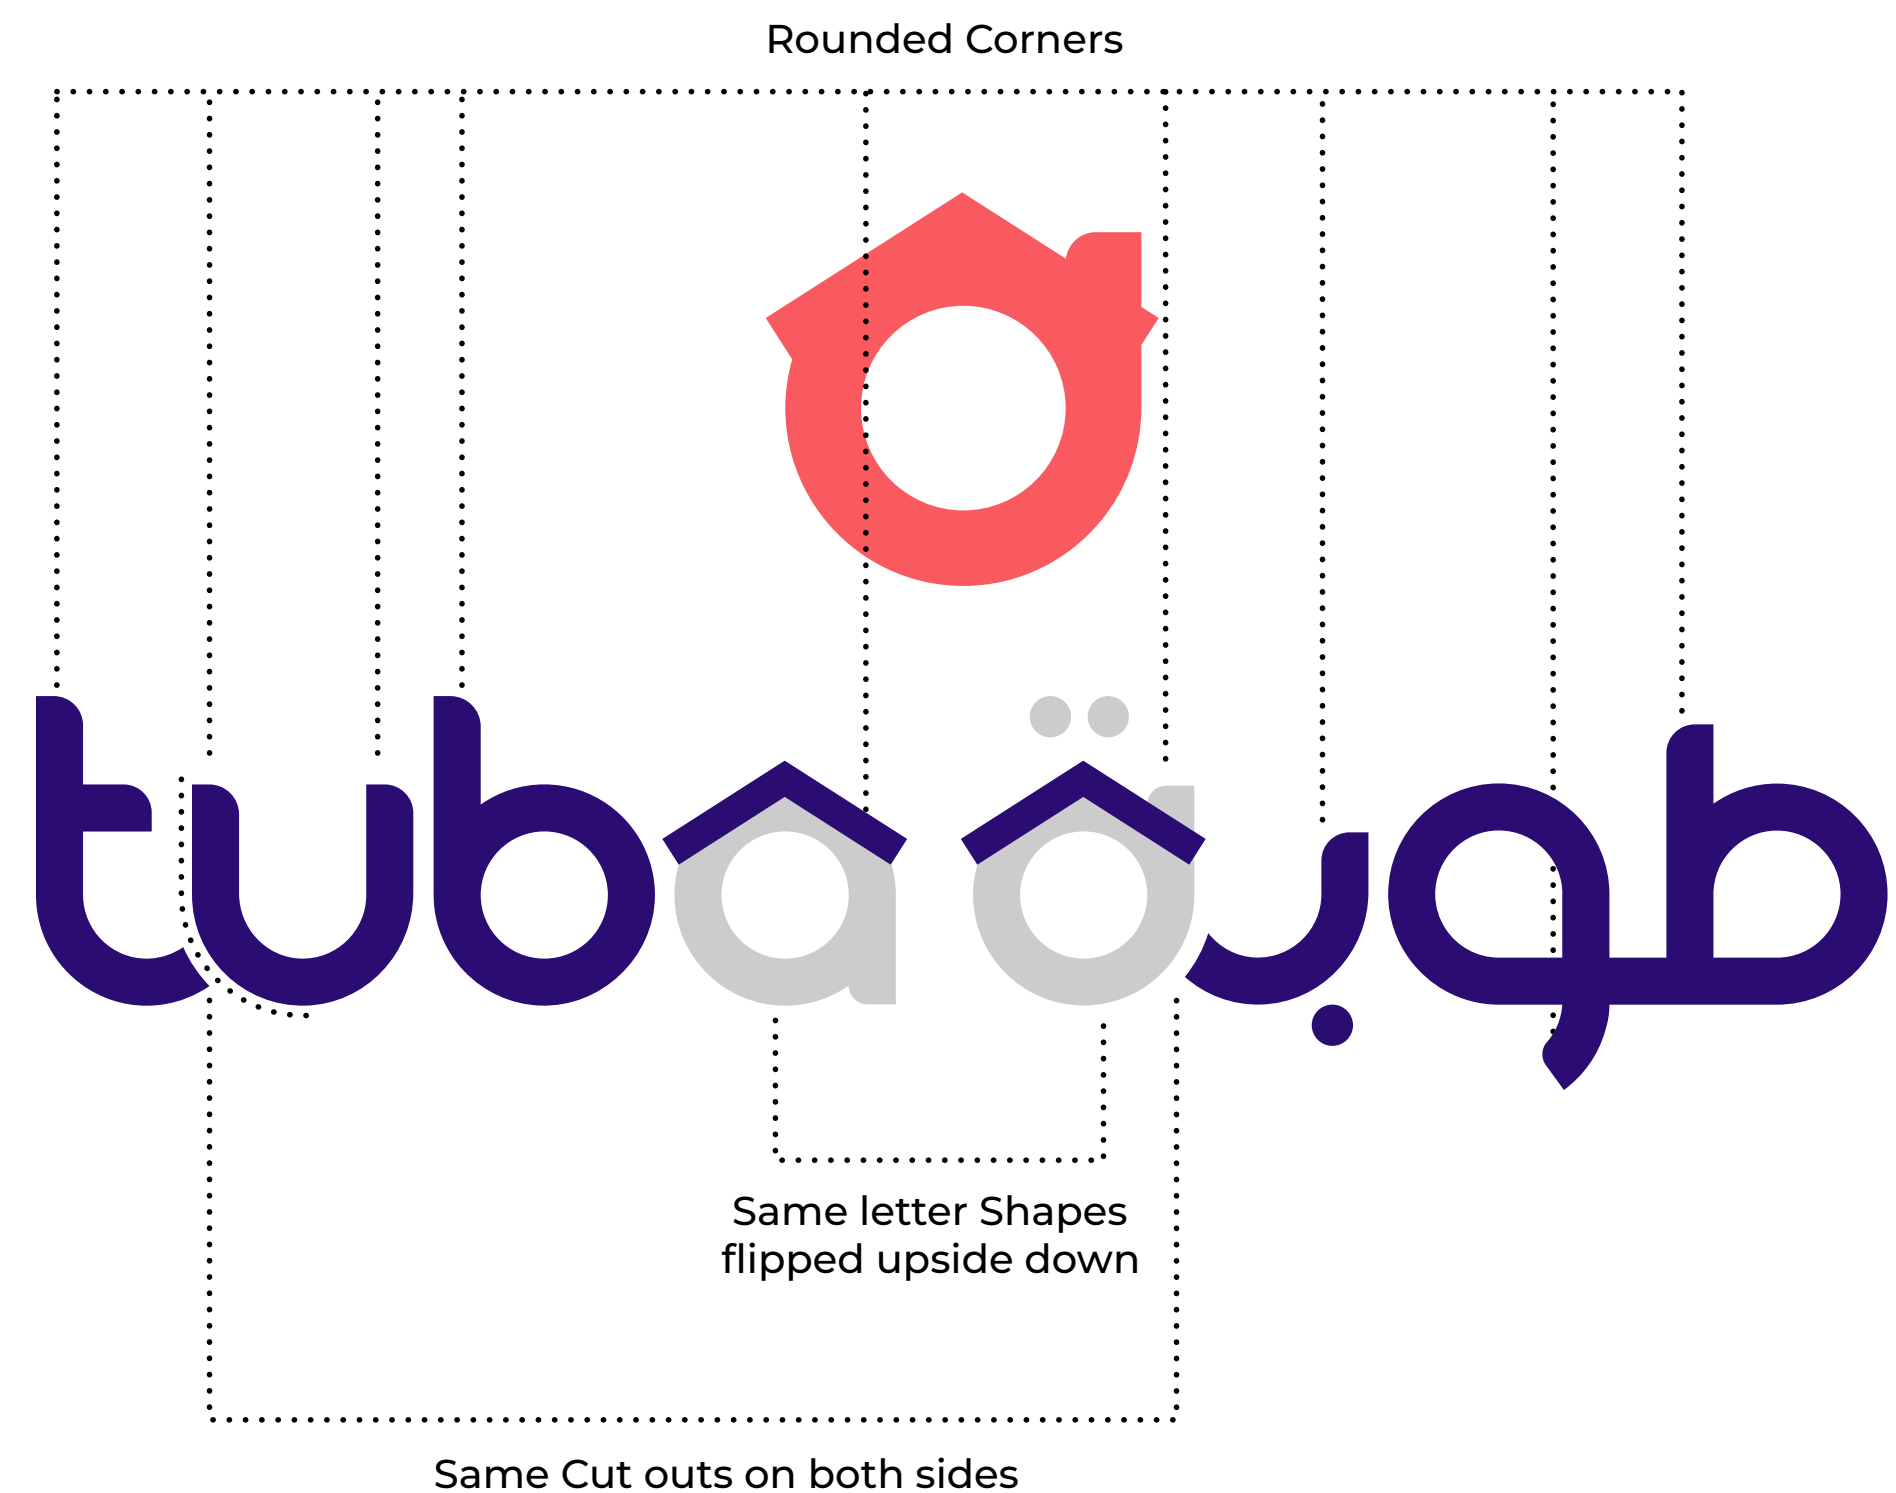

Hut

1.2 Logo Consistency

The unique feature of our logo is that it is created with round shapes, each letter of the logotype is designed using a circle. Round shapes often evoke feelings of warmth, friendliness, and approachability. They are also associated with positivity and comfort.

To keep the consistency throughout, both English and Arabic Logotype share similar shapes. The letter “a” in Tuba is used for the arabic letter “ة” in طوبة.

1.3 Logo Construction

The logo is composed of two elements: the mark and the logotype. While the mark maybe used independently from the logotype in some situations, the logotype is never used independently.

The logo's components must not be redrawn or recreated from separate graphic or type elements. The correct reproduction of the logo can only be achieved by using the official master artwork files.

- Use only the provided artwork.
- Use the appropriate

Color

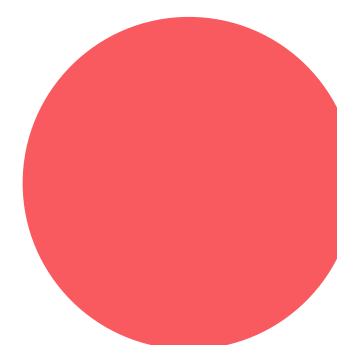

Use the color codes provided to ensure the best results across various formats and media.

- **Print:** Use CMYK for most print applications or Pantone codes colors when spot color printing is possible.
- **Digital:** Use RGB or HEX codes for all screen and digital based uses of the logo.

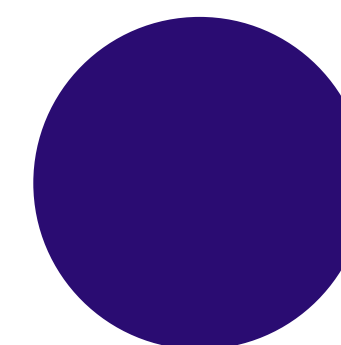

Mark

Logotype

Tuba Red
RGB: 249, 90, 96
HEX: f95a60

Tuba Purple
RGB: 42, 12, 114
HEX: 2a0c72

1.4 Logo Versions

The logo comes in four versions:

1. Primary English
2. Primary Arabic
3. Dual Language Logo Horizontal
4. Dual Language Logo Stacked

All versions of the logo come in positive and negative color versions to be placed on light or dark backgrounds. All primary versions are also available in black and white versions to be used in situation where color cannot be used.

1. English Logo
